FICHMAN FURNITURE
AND RADIATOR COVERS

About our brand

Since 2008, we've been outfitting radiators across North America with beautiful, perfectly fitted covers tailor-made for each customer's unique home. We have covers in 43 states and 8 provinces!

Using a unique high tech approach to an old-fashioned business, each piece is made to our customer's exact measurements. A cover can be priced, previewed, ordered online and delivered right to a customer's door within as little as a week. With our support team providing expert guidance on measuring and style, we make buying custom furniture easy, safe, and predictable. What you see is what you get!

Our manufacturing facility in New York, about an hour outside of Buffalo, combines proprietary software and high tech manufacturing techniques to deliver custom furniture to our customers wherever they live.

- **Made in New York State**
- **Every piece made-to-order (even the packaging!)**
- **Over 24,000 covers sold across USA & Canada**
- **Price & order online with instant previews**
- **Covers PTAC (combo heat A/C units) as well**

Our rad covers have been featured in multiple HGTV renos, CityLine, The Wall Street Journal and are the only radiator cover brand sold by Lowes.

Most beautiful radiator covers I've ever seen!! I love walking around our apartment and get great joy from looking at the Fichman covers. Perfection is a word that I reserve for really special things-people etc. Fichman deserves that word along with the extraordinary customer service by Sheila!! All in all a great choice that makes our home look better. A+++++++

I have purchased 6 radiator covers from Fichman and this morning ordered another 3. Every single part of the process has been excellent. In fact, for one, I sent in measurements that didn't seem to make sense and a person from Fichman called to verify....turned out I made a mistake which he caught. Furthermore, having priced out other covers, Fichman is by far the most reasonably priced. It is a great product!
